Cubic Form Exercise

Required Materials

Colored sheets, Reflective (Silver) Sheets, Transparent Sheets, and any Textured Sheets

Cutter and Scissor

Hard Board or Thick Sheet to be used as a base for the model

Cutting Board

What are we expecting from you?

Each Student should be able to make a composition of TWO CUBES OR MORE using the deconstructivist approach described in class, applying ANY COLOR SCHEME from your previous lecture, and use the sheets’ materials to represent unique architectural and spatial qualities.

The model should be on an A3 size sheet. An example of how the model may look like:

Good Luck
